**NOTICE  
CITY OF BRILLION  
FLUSHING OF HYDRANTS**

Notice is hereby given to the water utility customers of the City of Brillion that the Water Utility will be flushing hydrants Monday, April 15th through Friday, April 19th, and Monday, April 22<sup>nd</sup> through Friday, April 26th, from 7:00 AM to 4:00 PM.

Hydrant flushing is necessary to make sure adequate flow and pressure is available. Flushing is also done to remove sediment from the pipes in order to maintain water clarity and quality in the water distribution systems.

If you see the Water Utility flushing the hydrants in your area, please limit water use during that time. Also, flushing of hydrants may cause some discoloration of your water which will only be temporary. If this happens, run your cold water tap for a few minutes until the water clears. When doing laundry, check the water before filling your machine. We hope this will help reduce any inconvenience to our customers. If you have any questions on the hydrant flushing, please call the Brillion Utility at 920-756-2850.
